

RW Windows & Home Maintenance

About RW Windows & Home Maintenance

Let us take control of your project leaving you to sit back and enjoy the finished product. Our service backs up a fantastic range of products, all fully guaranteed and energy certified, made to the highest standard from one of Europe's largest uPVC windows, doors and conservatory manufacturers.

Choosing the right replacement windows can help make your home more energy efficient and reduce heating costs.

All our products have been designed with energy efficiency in mind, stopping heat from inside your home escaping, while allowing heat from the sun into the room: the result – savings on fuel bills and reduced energy waste. Our window systems can achieve an 'A' rating (A rated windows) – the highest energy rating and when installed with the appropriate glazing unit, double glazed windows from us comply with the latest building regulations.

Why choose us?

We believe that the customer is always right and we tailor our products to match your exact requirements.

Whatever your requirements, property type and budget, our dedicated team will work with you from step one to make your ideas become a reality. This begins with an on site survey.

We offer...

Virtuoso Doors fitted from **£995**.

Solidor Doors fitted from **£995**.

All our Doors come with a 10 year insurance backed guarantee.

How do I arrange a survey?

Click on the **"Download Brochure"** button to view some of the products and brands we supply and fit. Click on the **"Get Quote"** button at the side of the screen to request a survey or callback so we can discuss your requirements in further detail.

Once we have all the information we need on your project we will send you a **no-obligation electronic quote** which you will receive as an email from WinQuote. You can easily accept this quote, reject it, or direct message us to ask us any questions about it.

Things to consider when buying Windows, Doors and Conservatories

Do you need planning permission?

When installing a conservatory, planning permission isn't usually required. You're only likely to need planning permission if your conservatory will cover more than **half the area surrounding your house**, or if the conservatory roof is higher than the highest point of your existing property.

You must also obtain planning permission before you build on raised platforms such as **verandas and balconies**.

Energy Ratings

The Window Energy Rating system tells you how energy efficient a window is. Windows are given an energy rating on a scale of G to A+, with **A+ windows being the most energy-efficient**.

If saving money on energy bills is important to you and you want a warmer home then it goes without saying that you should try and buy the most energy efficient windows you can afford.

Reputation

As always, buy from a reputable business. There are lots of great companies out there but others that are less reputable.

Don't be afraid to **check out our reviews** online and in our app account to see what our past customers have to say about us.

Use BM Trada, Certass and Fensa registered glaziers.

It's a good idea to choose a double glazing installer that is registered with a competent person scheme, such as **BM Trada, Certass** or **Fensa**. Membership means that companies can self-certify their work complies with building regulations. It also means the work is covered by an insurance-backed guarantee if it's not compliant and the company goes bust.

In England and Wales, new and replacement windows must meet a certain level of energy efficiency. You need to get a certificate to show your windows comply with these regulations. An installer registered with one of the self-certification schemes will issue this certificate for you - otherwise your council will need to come and check the work.

Virtuoso Composite Doors

- ✓ Stunning appearance
- ✓ Strong, safe & secure
- ✓ Virtuoso composite door with aluminum frame
- ✓ Outstanding quality

Transform the beauty of your home with **Virtuoso composite doors**, brought to you by REAL Aluminium. Combining market-leading designs with modern materials, Virtuoso offers a made-to-measure door that performs as good as it looks, and it's virtually maintenance free too.

Solidor Composite Doors

- ✓ Internally Beaded
- ✓ Long lasting performance
- ✓ Fully steel reinforced

The **Solidor Collection** is an outstanding range of industry leading, solid laminate timber core composite doors that combine classic, modern or futuristic styling with a full range of Secured by Design locking, providing a stunning, high quality and secure entrance to any home.

PVCu Front Doors

- ✓ Stunning appearance
- ✓ Outstanding quality
- ✓ Low maintenance

PVCu doors are available in an ornate or chamfered finish in a variety of woodgrain and colours.

French Doors

- ✓ Double locking handles
- ✓ Low threshold

These stylish yet extremely practical doors create the optimum flow from your home to the garden without the need for a large aperture.

Glass panels either side of your **French Door** delivers copious amounts of light flooding into your home.

Bi-folding Door

- ✓ Slim, strong, smooth
- ✓ Multi-point locking
- ✓ Up to 1200mm wide and 2500mm high

Bi-folding Doors create superior panoramic views all year round from the comfort of your living room, kitchen, conservatory or orangery. By neatly folding and sliding, Aluminium Bi-folding Doors allow quick and easy access to your garden.

Sliding Patio Doors

- ✓ Made-to-measure and fitted
- ✓ Advanced glass technology

Create a feeling of light and space using an expanse of uninterrupted glass with the **Sliding Patio Doors**.

A Sliding Patio Door will offer you the largest uninterrupted glass area and once open doesn't take up room on a patio or balcony, or inside the home.

Casement Windows

Casement windows are one of the most popular window styles in the UK due to their simple yet versatile design. Available in a range of styles and configurations, such as top-hung opening and side-hung opening, our casement windows will complement both traditional and contemporary homes.

Choose from beautifully sculptured or clean-cut bevel design and a wide variety of woodgrain and solid colours. And with multiple-locking points, all our casement windows are supremely secure.

- ✓ Easy-clean hinges
- ✓ Super-slim window

Sliding Sash Windows

- ✓ High thermal benefits
- ✓ Safe & secure

Crafted with attention to detail, our **vertical slider windows** combine the functional benefits and performance of a modern PVCu window with the feel, appearance and operational simplicity of a traditional style window.

The modern vertical slider not only emulates the aesthetics of its traditional equivalent, but also offers additional benefits such as the easy maintenance of PVCu.

Tilt & Turn Windows

- ✓ Weather proof
- ✓ High security fittings
- ✓ Great scope for large openings

Tilt & Turn windows are available in the same ranges as our other window choices.

Very much a European design, the tilt and turn window allows you to let in fresh air while also offering security. The open in style gives great options for cleaning from within (in the turn position) and secure ventilation (in the tilt position).

Residence 9 Windows

- ✓ **Modern composite material**
- ✓ **High end appearance**

Residence 9 is a new window system designed to replicate the 19th century flush sash timber window. Residence 9 is the most premium of window systems.

It can be considered for use in conservation areas due to its authentic appearance, as well as appealing to customers who want a top end luxury window. It can accommodate double or triple glazing with market leading thermal and acoustic performance.

Bay Windows

- ✓ **Outstanding energy efficiency**
- ✓ **Flow of natural light**

Bay windows are a great way to bring more light into your home. Choose from different styles and colours to get exactly what you need.

Our innovative bay windows offer a number of features and benefits unrivalled in today's market place and are available in a range of styles.

PVCu Conservatories

A **conservatory** creates a cost-effective way to increase the value of your home and provide you with all the space and light you need for relaxing and entertaining.

With a wide range of style options and configurations, Polyframe conservatories will allow you to create unique and flexible living spaces to match any style of home.

✓ There are so many choices available from a contemporary look to a classic traditional style, and can be tailored to meet all requirements.
